## **BIOCHEM BATHROOM CLEANER**

Publication date: 03-04-2012 Edition nº:01

product for professional use

#### **Description**

**BIOCHEM BATHROOM CLEANER** is a powerful, ECOLOGICAL descaling cleaner for all types of hard, acid-resistant surfaces. **BIOCHEM BATHROOM CLEANER** complies with environmental requirements for biodegradability, ecotoxicity and efficiency set forth by the **EU ECOLABEL** (EU Directive 2005/344/EC).

#### **Applications**

Due to its unique composition, **BIOCHEM BATHROOM CLEANER** is ideal for cleaning and sterilising bathrooms. It eliminates lime deposits, leaving a clean and shiny surface with a pleasantly mild scent. Ideal for cleaning washbasins, bidets, showers, bathtubs, shower screens, floors, walls, etc.

Do not use this product on varnished or enamel surfaces, mirrors or glass.

#### How to use

**Spray on** - Spray on a cloth or directly on the surface, clean and rinse off. For optimal shine, dry with a cloth. On stubborn dirt, let the cleaner soak in and then wipe off with a moist cloth.

**Precautions** - to use this product on marble surfaces, apply with a sponge or a wet dish cloth and immediately clean and rinse with abundant water. Do not use this product on varnished or enamel surfaces, mirrors or glass. Perform a patch test on a hidden surface to ensure the material is resistant before use.

#### Dosage

Apply without diluting. For lightly dirty surfaces, dilute the product to 50%. **IMPORTANT:** Using the appropriate dosage will save money and reduce its impact on the environment.

## **Technical Specifications**

 Physical state:
 Blue liquid, lightly scented

 pH (100%):
 2,5 ± 0,5

 Density at 20°C:
 1.020 g/cm³

 Solubility in water:
 Soluble at any proportion

 This information relates to the standard values for the product and should not be considered as a product specification.

### Health, Safety and Storage

- Product is NOT classified as hazardous according to the classification system based on EC Directives.
- S2 Keep out of the reach of children
- S49 Keep only in the original container
- S50 Do not mix different cleaners
- Do not ingest.
- Full information on how to handle and discard the product is supplied on a separate Safety Data Sheet.
- In case of an accident, call the Medical Service of Toxicological Information on Tel. + 34 915 620 420.
